

Following is a list of projects in the Buffalo Valley allotment which were previously administered by Winnemucca District. Battle Mountain District now has responsibility for these improvements. They have been recorded on the JDR Historical file as of January, 1985. Some project numbers have been changed because they conflicted with Battle Mountain District project numbers.

| <u>JOB NAME</u>                                  | <u>NEW (Battle Mtn.)<br/>NUMBER</u> | <u>OLD (Winnemucca)<br/>NUMBER</u> |
|--|-------------------------------------|------------------------------------|
| Saval Well #1                                    | 0247                                | 247                                |
| Saval Well #2                                    | 0251                                | 251                                |
| Saval Well #1 Holding Corral                     | 0313                                | 326                                |
